

Manufacturer's Declaration

in acc. to Directive 2014/68/EU (Pressure Equipment Directive)

We hereby declare under our sole responsibility that the high pressure valves and manifolds of the series

- 83770
- 83790
- 83830
- 83840
- and the additional models and special designs including manifolds derived from these

are in accordance with the Pressure Equipment Directive 2014/68/EU, Article 4 (3).

Directive 2014/68/EU (Pressure Equipment Directive):

- Conformity assessment table applied:
Annex II, table 6
- Conformity assessment table applied:
Annex III, Internal Production Control plus supervised Pressure Equipment Checks (A2)

Note concerning CE marking based on this directive:

Valves \leq DN 25 comply with Pressure Equipment Directive 2014/68/EU, Article 4 (3) and receive no CE marking under this directive. Any CE marking which is present then refers to additional applicable regulations. Inspection is carried out by the notified body with the ID No. 0045 (TÜV Nord). The areas of application of the pressure equipment can be found on the type plate and in the relevant operating instructions.
